

CLEAN GULF

CONFERENCE & EXHIBITION

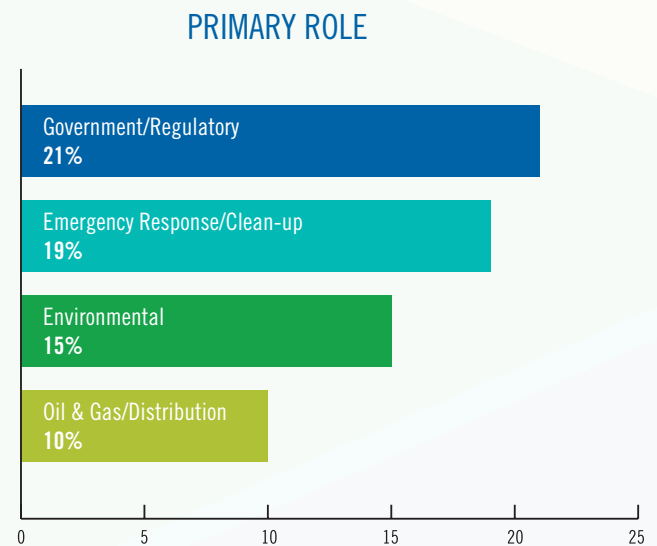

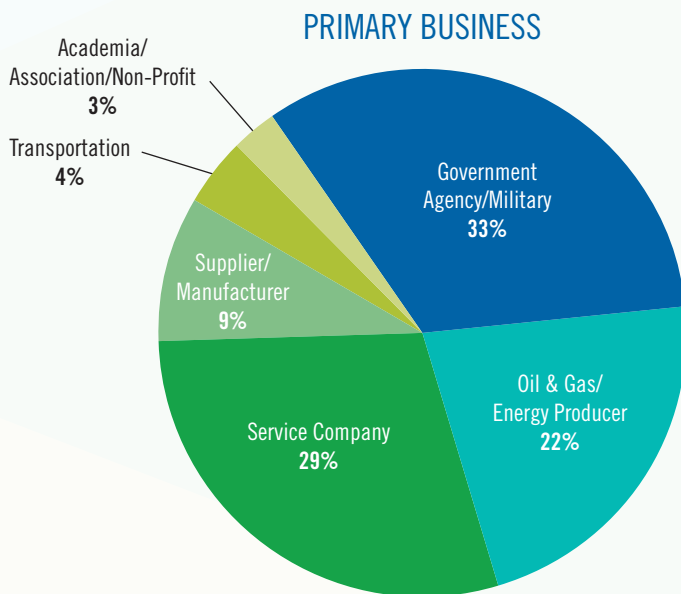

2019 POST SHOW REPORT FOR EXHIBITORS AND SPONSORS

The CLEAN GULF Conference & Exhibition welcomed over 1400 emergency response professionals to explore the latest solutions and technologies on the show floor, network during our receptions, and stay up-to-date on best practices and lessons-learned in our conference sessions.

OVERVIEW OF THE 2019 CLEAN GULF AUDIENCE

1484 verified attendees | 137 exhibiting companies

ATTENDEE DEMOGRAPHICS

35% first time attendees = new buyers

73% have the authority to recommend or approve the purchase of products and services

65% said they come to CLEAN GULF for the networking

61% said they come to CLEAN GULF specifically to meet with exhibitors

41% of attendees have a manager, supervisor or executive management role

www.cleangulf.org

STRAIGHT FROM OUR ATTENDEES....

WHAT MAKES CLEAN GULF UNIQUE?

- ▶ Best networking opportunity among all the oil spill conferences
- ▶ The biggest assembly of industry exhibitors
- ▶ Great mix of companies, regulators and contractors
- ▶ Number of vendors
- ▶ All the different companies and response groups coming together in one place
- ▶ Finding new technology and meeting the people behind that
- ▶ One stop shop for networking and getting the latest on oil spill response and science
- ▶ The wide variety of companies and the hands-on examples they show — allows for more conversation
- ▶ The fact that all the marine spill response industry and all the new products are in one place is amazing
- ▶ Variety of sponsors at the event
- ▶ Tremendous opportunity to network with industry peers and discuss ways to improve what we do as emergency response professionals
- ▶ Full agenda and vendor access
- ▶ Good representation of the O&G industry companies, service providers and regulators
- ▶ Number of people in attendance from the industry

WHAT PRODUCTS AND SERVICES DO YOU WANT TO SEE ON THE CLEAN GULF EXHIBIT FLOOR?

- ▶ Academic institutions
- ▶ Air dispersion technology
- ▶ Air monitoring technology
- ▶ Autonomous monitoring equipment
- ▶ Biodegradable oil spill cleanup products
- ▶ Confined space rescue
- ▶ Consulting — NRDA
- ▶ Consulting — data management
- ▶ Consulting — environmental
- ▶ Debris removal
- ▶ Emerging technologies
- ▶ Hazmat/HAZWOPER training
- ▶ Health services
- ▶ Hurricane preparedness services
- ▶ Industrial firefighting
- ▶ Infrared cameras
- ▶ Laboratories/Analytical Services
- ▶ Lodging services
- ▶ Offshore communications
- ▶ Oil skimmers
- ▶ PPE
- ▶ Remote sensing
- ▶ Risk communication
- ▶ Safety gear
- ▶ Safety products
- ▶ Skimmers
- ▶ Spill contractors
- ▶ Spill response equipment
- ▶ Test facilities
- ▶ UAS/drones
- ▶ Underwater systems for oil detection
- ▶ Wildlife rehabilitation
- ▶ And many more!

“CLEAN GULF has always served as a great forum for government regulators, companies and the spill response community to stay current on the latest technological trends.”

Frank Paskewich, Clean Gulf Associates

“Another year of opportunities for networking, meeting new industry peers, and sharing response operations! I always take away many best practices from peer companies to improve our readiness. I also enjoy sharing our program to help improve the readiness of the industry as a whole!”

Craig Wyatt, Colonial Pipeline

“This was my first time attending CLEAN GULF, and I definitely plan to attend again. CLEAN GULF provided an excellent opportunity to network with industry peers and to have focused discussions on the topics that are important to us as emergency response professionals.”

*Andrew Lemieux, Flint Hills Resources,
Pipelines and Terminals*

“CLEAN GULF is the only place where field and command post responders from government and industry are consistently able to meet and discuss oil spill challenges and maintain the strong networks that exist.”

David Palandro, ExxonMobil

“We value the opportunity at CLEAN GULF to interact with existing clients, engage with potential clients and partners and provides an industry wide form to educate others on our services and technologies.”

Vincent Nacewski, GHD

“A collaborative event that bring oil & gas its suppliers and regulators all to a place to work as one.”

Barry Leg, Heritage Environmental
